Is it ok to share your e-mail or phone with other students in the class?

What are you studying or do you think you will study in future?

How do you hope to benefit from English 102?

What else do you want/need me to know about you? (important things –tell me if you are a running start student, ESL or non-native English speaker, any disabilities documented or suspected, or any other reason you might need accommodation. Also tell me about hobbies, learning style, struggles etc. Anything that will help me get to know you or help you learn.)

Set 3 goals for the quarter:

• For this class
• For school
• For life
